

College Name: .....

B. Pharm Final Year

Session:

Project Work:

<b>S. No.</b>	<b>ENROLLMENT NO.</b>	<b>STUDENT NAME</b>	<b>PROJECT TITLES</b>
<b>PHARMACOLOGY PROJECT</b>			
1.			Treatment overview on disease related with Respiratory System
2.			Colon Specific Drug Delivery System: An Overview.
3.			Effect of combination therapy of Moxifloxacin and Dexamethasone on rats infected with Staphylococcus aureus.
4.			Genetic level therapy for neonatal problems.
5.			Which is superior - Azithromycin or Erythromycin?
6.			Novel/Recent changes in fluoroquinolones.
7.			Intradermal Anti-Rabies Vaccine – An overview.
8.			How to increase efficiency – Dosage or Concentration?
9.			Common hazards of steroid use in hypertensives.
10.			Emerging therapy for dengue.
11.			Treatment overview on disease related with Central Nervous System
12.			An overview on Prostaglandins.
13.			Parkinson’s disease novel drugs.
14.			Review on Congestive Heart Failure
15.			Emerging therapy for cancer.
16.			Treatment overview on disease related with Endocrine System
17.			Treatment overview on disease related with Cardiovascular System
<b>NOVEL DRUG DELIVERY SYSTEM PROJECT</b>			
18.			Novel Routes of Insulin for Diabetes Treatment.
19.			Computer aided drug designing for targeted drug delivery systems.
20.			A novel approach for Angina and Myocardial infarction
21.			Applications of Nanotechnology in Cancer.
22.			Formulation and evaluation of fast dissolving tablet

23.			Microsponge – novel drug delivery system: A review
24.			In-situ gel: A Novel approach for drug delivery: A review
25.			Floating tablet: An approach of gastroretentive drug delivery system.
26.			Modified release oral dosage form : A review
27.			Design and evaluation of pH independent controlled release tablet.
<b>MEDICINAL CHEMISTRY</b>			
28.			Synthesis of Nitrogen Containing Compounds
29.			Selective Halo decarboxylation of Vinyl Carboxylic Acid
30.			Synthesis of 4-(4-substituted phenyl) oxazole 2-amine.
31.			In vitro anti-inflammatory activity of guava seed extract.
32.			Synthesis of 4-(4-substituted phenyl)-N- (4 substituted benzylidene oxazole 2-amine.
33.			To study the phytochemical screening of guava seed extract.
<b>PHARMACEUTICS PROJECTS</b>			
34.			Formulation and In-vitro Evaluation of Sublingual Tablet
35.			Comparative Study of Paracetamol Tablets and Suspension
36.			Formulation and Evaluation of Anti-Bacterial Herbal Cream
37.			Solubility Enhancement of Ibuprofen using Different Techniques
38.			Multifunctional Co-processed Excipients For Improved Tableting Performance
39.			Comparative Study of Marketed Losartan Tablet
40.			In-vitro diffusion studies of Diclofenac Sodium Gel
41.			Comparative Studies on Methods of Granulation
42.			Formulation and Evaluation of Herbal Tanning Lotion
43.			Study of Prescription Patterns OR Release Kinetic Studies
44.			Formulation and evaluation of fast dissolving tablet
45.			Design and evaluation of pH independent controlled release tablet

46.			Enhancement of solubility and solid dispersion technique
47.			Transdermal patches: A review
48.			Painless insulin drug delivery system: A review
49.			A review on recent approaches in taste masking technologies and their regulatory considerations
<b>PHARMACEUTICAL ANALYSIS PROJECT</b>			
50.			Analytical Method Development (Using UV)
51.			Quality Management in Academic Laboratory
52.			QC Analysis of Expired and Non Expired Medicines
53.			Osmotically controlled drug delivery system: A review
<b>PHARMACOGNOSY</b>			
54.			Standardisation of Herbal Formulation (Churna)
55.			Standardisation of Herbal Formulation (Paste)
56.			Standardisation of Herbal Formulation (tablet)
57.			Isolation, Characterisation, and Application of Ginger as Antibacterial agent
58.			Formulation and evaluation of herbal chocolate
59.			Standardization and phytochemical screening of Ficus religiosa.
60.			Formulation and evaluation of polyherbal hair dye from amla beet root, butea monosperma flowers, curry leaves.
61.			Formulation and evaluation of herbal moisturizer
62.			Formulation and in-vitro evaluation of fluconazole gel containing groundnut oil
63.			Formulation of gel from Lagerstromia speciosa root extract
64.			Formulation and evaluation of ayurvedic tablet
65.			Formulation and evaluation of polyherbal toothpaste
